

OUR ENVIRONMENTAL POLICY

Grove Park Deli is committed to the promotion and use of the most environmentally appropriate equipment and consumables wherever possible. We recognise that any service industry might have an impact on the environment, and we aim to operate responsibly and with integrity.

The policy was established at the highest level of management and is distributed to all members of staff. We aggressively source the most appropriate products from suppliers, such as CFC-free aerosol sprays and biodegradable detergents, and our waste management policy ensures that wherever possible, we recycle in sustainable manner.

Where the use of inappropriate materials is unavoidable, we work alongside industry leaders, clients and suppliers to identify better, more sustainable products.

KEY OBJECTIVES

- To comply with the very highest industry standards in environmental awareness and practice.
- To communicate the policy with all levels of staff and to ensure full compliance across the company.
- To review our policies and procedures on a regular basis.
- To set clear objectives in partnership with our clients.
- To work with suppliers who are equally committed to good practice.
- To reduce waste and minimise pollution.
- To reduce energy consumption by the use of energy-efficient products.
